

Leave your mark on Kappa Delta National Headquarters by purchasing a commemorative brick. Remember the special people and times in your life by purchasing a brick for yourself or in honor of a sister, chapter or family member. Your brick will become a permanent part of the walkway leading up to Kappa Delta Sorority National Headquarters.

When you purchase a brick for yourself or a loved one, you give more than just sand and mortar. You invest in the future of Kappa Delta. Your contribution enables the sorority to implement new programs and helps provide educational opportunities and scholarships for members.

Formally established in 1981, the Kappa Delta Foundation supports a number of worthwhile causes. Your donations to the Foundation make possible scholarships and important educational opportunities for sorority members. The Foundation also supports several philanthropies, including Prevent Child Abuse America, Girl Scouts of the USA and various other children's causes. We thank you for your support!
